HISTORIC AMERICAN BUILDINGS SURVEY

EDDINS HOUSE

HABS No. MO-1484

Location: Glasgow vicinity, Howard County, Missouri

HISTORICAL AND ARCHITECTURAL INFORMATION

The following information was recorded by Alexander Piaget and Charles van Ravenswaay at the time the photograph was taken:

Built ca. 1845. This house, originally possessing a long wing in the rear, boasted an impressive two-story portico which has been reduced to the one shown. It is interesting to note that the only other use of bracket decoration seen here that we have seen in Howard County, is found on the mantel in the former home of Claibourne F. Jackson (HABS No. MO-1444), who was a brother-in-law of Eddins. Eddins married a daughter of Dr. John Sappington.

PROJECT INFORMATION

The Piaget-van Ravenswaay Survey consists of a number of photographs, primarily of sites and structures in Missouri, which were taken before 1938 by Alexander Piaget and after that by Paul Piaget, both in conjunction with Charles van Ravenswaay. Photographs of buildings were incorporated into the HABS collection in 1985 by Laura Rupp and in 1986 by Deborah Fulton, HABS historians. A master list is available in the ~~6800~~ records for MO-1800.
